

Project Summary

Project name	Financial Quick Check Portfolio Software
Project mission	Our project mission is to provide a web application which allows structured data entry for financial products, comparison and evaluation among products and product variants as well as with source documents annotated visualization.
Industry partner	Bearing Point GmbH
Team logo	 The logo for AMOS QuickCheck is displayed on a blue gradient background. It features a white stylized 'A' with an upward-pointing arrow integrated into its right side. To the right of the 'A' is the text 'MO5' in a white, sans-serif font. Below a thin white horizontal line, the words 'QuickCheck' are written in a white, sans-serif font.
Project summary	<p>The AMOS QuickCheck is a program that enables a consultant to evaluate products of financial institutions for their economic impact and the complexity of the products, the product variants and the customers. This tool has 3 major parts. A page to create a new project which corresponds to an analysis of a financial institute. This analysis splits up into different product areas which holds a list of products and product variants. The second part are the rating pages where a consultant fills out a questionnaire over the economical and complexity ratings. After the questionnaires are filled out the AMOS QuickCheck can give a graphical supported recommendation about which product should be scaled up, reviewed or scaled down. All of this data can be received over various API endpoints.</p>

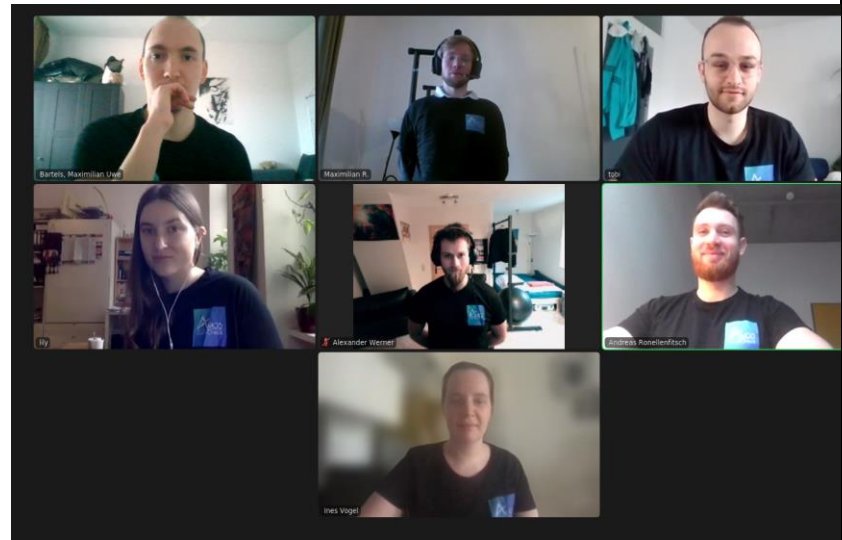

Project illustration

The screenshot shows a web browser window with the title 'QuickCheck' and the URL 'localhost:3000/projects/1/productArea/1/products/1/ratings/economic'. The page has a dark blue header with the title 'Economic Rating' and a user profile icon. Below the header, there are two tabs: 'Wirtschaft' and 'Aufwandschätzung'. The main content area contains four rating sections, each with an 'Answer' input field, a dropdown menu, and a 'Comment' input field with a submit button.

Section	Answer	Dropdown	Comment
Frequenz (Nachfrage) p.a.	10	HOCH	A comment
Produktabschlüsse p.a.	100	GERING	another comment
Durchschnittliche Losgröße/Stückelung	333	GERING	1111
Kreditvolumen im Bestand	10 Mio EUR	GERING	

At the bottom of the form, there is a 'Marke' label.
